ZLX promised to work alongside our accountant throughout the process, which they did.

The outcome of the whole process was that we received an unexpected amount of money back from HMRC that I was very grateful for. I would recommend any business owner to investigate the opportunity of tax relief rebate and I would highly recommend that they put it in the hands of ZLX.

ZLX were professionals and ethical from the start of the process until the end.

ECO-FRIENDLY ENERGY SOLUTIONS

Working with Tim from ZLX was a positive experience for us. He advised, managed and completed our R&D Tax Claim with the minimum fuss. This meant we could get on with the important business of managing our organisation, safe in the knowledge that our best interests were being looked after. As a result, we can highly recommend ZLX should other businesses be looking for a partner that brings expertise, efficiency and professionalism in their approach to R&D Tax Claims.

Stephen & Ray, if i'm honest I never thought I'd be writing this email to you both but I'm absolutely thrilled that I am! My Finance Manager has just informed me that ZLX have made payment today of our R&D Tax Claim for the year 2018. Of all the years to have met you both and for ZLX to have delivered, as they said they would, on behalf of my team, I would like to thank you both very much. I look forward to talking about how we approach the 2019 claim.
